

Decarbonising WA Agriculture: Designing the Toolkit #1

TIME	TOPIC	PRESENTER
11.30am	AAAC(WA) General Meeting	
12.00pm	Working Lunch	
12.30pm	Overview & welcome	Ashley Herbert AAAC President
12.45pm	Unpacking the net zero transition - ESG investment, decarbonising and natural capital trends in global food supply chains - risks and opportunities for WA agriculture	Larissa Taylor Savoir Consulting
1.15pm	Scoping out Greenhouse Gases (GHGs) – introducing GHGs “101”, global impact, Western Australian context, the ‘big three’ for agriculture	Joel Hextel Energetics WA
1.45pm	The horizon’s changing: national scan of market development in carbon and environmental markets	Ben White Kondinin Group
2.15pm	Greenhouse Gas (GHG) farm business calculators for WA broadacre agriculture - the knowns, the known unknowns and the unknowns!	Richard Brake Richard Brake Consulting
2.45pm	Afternoon Tea	
3.00pm	Spotlight on GHG sequestration: maximising soil carbon productivity in WA broadacre agriculture	Murdoch Soils West TBC
3.30pm	Spotlight on GHG emissions: where are we at with nitrogen fertilizer research and efficiency in WA cropping systems?	Facilitator TBC Louise Barton , UWA
	Nitrogen use efficiency as a lever to lower costs and GHG emissions – are our “N Rules of Thumb” fit for WA?	Wayne Pluske Equii
4.15pm	Panel Discussion: Designing the toolkit for factoring GHG emissions into farm economics and decision making – GHG metrics in farm benchmarks by 2024?	Facilitator: Graeme McConnell, Planfarm Mandy Curnow, DPIRD Amir Abadi Ghadim, DPIRD Ben White, Kondinin Richard Brake, RB Consulting
5.15pm	Networking and Fellowship	

AAAC Member Registration: \$150.00
